

HIV testing could save your life!

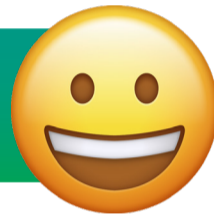

HIV testing and treatment in Wales is...

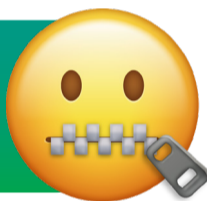

FREE

QUICK

CONFIDENTIAL

HIV treatment means you:

- can have a normal life expectancy
- can have children free of HIV
- can't pass on the virus

Order a free kit from friskywales.org
Or confidentially have one sent here, we'll help you take the test

If you want to know more before deciding whether to test, you can talk to:
